

Access & Visitation Program

The Access and Visitation Coordinator is responsible for interviewing potential clients who are seeking a legal solution for visitation with their biological children. During this interview, vital information will be obtained in order to determine eligibility to continue in the program. Referrals to other service agencies may be addressed and suggested. The program is designed to direct the parties into the North Carolina Child Custody & Visitation Mediation Program in hopes that an agreement may be reached by the parents and keep the issue from entering District Court. Should the parties not reach an agreement in mediation then the case will be calendared for trial in District Court. The Access and Visitation Coordinator is able to provide answers to certain questions concerning the court system and make referrals to service agencies. However, **The Coordinator CANNOT provide any legal advice.**
